Thinking of joining BADN?

Perhaps you're considering joining BADN?

Never got round to renewing your membership?

UK's ONLY professional organisation specifically for dental nurses

FREE verifiable CPD | Journal | Legal Helpline

Join BADN[®] from just £50 a year!

You already know that it is the UK's ONLY professional organisation specifically for dental nurses, but perhaps you think you aren't eligible to join - because you aren't qualified yet, or because you only work part time, or because you are now a tutor or a manager, or work in practice management or reception.

Perhaps you considered joining BADN, but put it off until another day and then forgot about it? Or joined for a year, and then never got round to renewing your membership?

Maybe you thought you couldn't afford it at the time?

You may even have joined another organisation, only to find that dental nurses are not their main priority?

Or signed up for a magazine subscription, only to discover that the magazine was **all** you got for the same (or more!) cost as BADN membership?

As a dental nurse, time and money are important to you - If only there was a place where you could get advice, information, CPD ... and save money too!

BADN is that place.

Full membership starts from just £50 a year - around 14p a day! And there are special rates for those working part time. Payment may be made by cheque, credit/debit card or Direct Debit. If you are a Full Member paying by Direct Debit, you can even divide your membership fee into two and pay half every six months!

BADN[®] can help!

BADN can help! Our quarterly digital Journal, the "British Dental Nurse' Journal" keeps you up to date with what's happening in dental nursing (and it's free, as part of your membership package) "The journal also includes up to two hours verifiable CPD per issue."

Our members' area of the website (also part of your membership package) is chock full of information.

BADN members can get **FREE** legal advice from our Legal Helpline - on both employment and personal issues.

Full Membership is now available with insurance cover (subject to underwriting) for basic dental nursing duties with customised extra cover for those undertaking extended duties or without insurance cover for those who have their cover elsewhere.

Unlike other associations, BADN is specifically for dental nurses. BADN Executive Committee is made up of dental nurses elected by the members to run BADN, so we know what challenges dental nurses are facing, what dental nurses are interested in, what dental nurses want!

If you're still undecided - consider this ...

BADN is the only association to represent dental nurses in discussions with the General Dental Council, the Department of Health, HM Revenue & Customs (did you know it was BADN who got the tax rebate on laundry extended to dental nurses? and the one on the GDC registration fee?! and are currently lobbying HMRC to make CPD costs tax allowable?) - in fact anyone at all connected with dental nursing.

If you want your views to be heard, you need to join BADN!
