

Clear history and cookies in Google Chrome

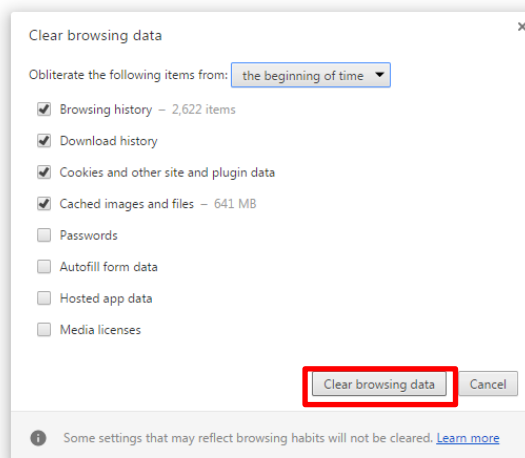

- 1) Open web browser – locate & click settings button on the top right hand corner;
- 2) In the dropdown list locate **"History Tab"**. This will display another list;
- 3) **Click "History"** or **CTRL+H** on the keyboard.

- 4) New tab will open in your web browser displaying your recent history – locate and click on **"Clear browsing data"** which you will find on the left-hand side;

- 5) In next pop up window please ensure all options are ticked/unticked as shown on the below picture and click on **"Clear browsing data"** button;

- 6) Restart the web browser, enter BADN website and log in as normal.
